### **Syndicated loan facility renewed and increased**

Komax and a bank consortium lead-managed by Credit Suisse have renewed the current credit facility worth CHF 100 million and increased the credit line to CHF 120 million. The new contract runs until 31 July 2017.

This step ensures that Komax will be able to finance its operating business and guarantees the financial flexibility it needs to implement its corporate strategy. The successful conclusion of the agreement demonstrates the trust the banks are placing in Komax and in the Group's future prospects.
